## Objective

Dynamic professional with expertise in cybersecurity, web development, digital marketing, and IT operations, seeking opportunities to leverage technical skills, strategic thinking, and leadership to drive innovation and efficiency. Adept at solving complex problems, enhancing system performance, and delivering impactful solutions across diverse industries.

## Skills

**Technical Skills**

- Cybersecurity: Vulnerability Assessment, Penetration Testing, Network Security, Incident Response, Secure Coding
- Web Development: WordPress, PHP, HTML, CSS (Tailwind), JavaScript
- IT Operations: System Administration (Windows, Linux), Network Configuration, Database Management (SQL)
- Tools: Nmap, Wireshark, Metasploit, Git, Google Analytics, TryHackMe, Hack The Box

**Digital Strategy**

- SEO, Content Strategy, Social Media Marketing, Digital Analytics

**Professional Skills**

- Project Management, Team Leadership, Technical Training, Problem Solving, Agile Methodologies

## Professional Experience

**IT Manager, Fatima Public School**       Hyderabad, Sindh, Pakistan       Feb 2024 – Jun 2025

- Managed IT infrastructure, implementing secure systems and optimizing network performance.
- Led educational technology initiatives, training staff on digital tools and cybersecurity best practices.
- Streamlined operations, reducing system downtime by 20% through proactive maintenance.

**WordPress Developer, TimeTechs**   Hyderabad, Sindh, Pakistan (Hybrid)   Oct 2023 – Feb 2024

- Developed and customized WordPress themes and plugins, improving site functionality and security.
- Enhanced website performance, achieving a 15% reduction in load times through optimization.
- Maintained codebases using Git, ensuring collaborative and secure development workflows.

**Project Head, Study Abroad Updates**       Pakistan (On-site)       Sep 2023 – Feb 2024

- Directed SEO and content strategies, increasing web traffic by 25% through targeted campaigns.
- Produced educational video content, boosting social media engagement by 30%.
- Integrated cybersecurity awareness into digital strategies, enhancing online safety.

**Web & SEO Manager, Times Consultant (Pvt.) Ltd.** Hyderabad, Sindh, Pakistan Sep 2023 – Jan 2024

- Executed technical SEO, improving site rankings and securing web operations.
- Automated content workflows using Python, increasing efficiency by 10%.
- Managed digital analytics, providing actionable insights for marketing and security.

**SEO Manager, Times Consultant (Pvt.) Ltd.**   Hyderabad, Sindh, Pakistan   May 2023 – Sep

2023

- Conducted keyword research and SEO strategies, boosting organic traffic by 20%.
- Collaborated with content teams to ensure secure and optimized digital content delivery.

**PHP Web Developer, The Hunar Foundation (THF)**   Karachi, Sindh, Pakistan   Feb 2019 – Mar 2019

- Upgraded school management systems with secure PHP and SQL solutions.
- Improved system reliability and user experience through backend optimizations.

## Volunteer Experience

**Campus Ambassador, Google Developer Student Clubs**                Aug 2021 – Aug 2022

- Organized tech workshops, enhancing community skills in cybersecurity and web development.
- Promoted digital literacy and secure technology adoption among peers.

**Web Lead, Google Developer Student Clubs**                Aug 2020 – Aug 2021

- Led development of secure web platforms, improving functionality and accessibility.
- Mentored team members on web development and cybersecurity best practices.

## Projects

**Portfolio Website**                [github.com/faiquehere/faiquehere.github.io](github.com/faiquehere/faiquehere.github.io)

- Developed a secure, interactive portfolio (faiqueali.me) using HTML, Tailwind CSS, and JavaScript.
- Showcased cybersecurity, web development, and digital strategy expertise.

**Web Exploitation Portal**                [github.com/faiquehere/web$_e$xploitation$_p$ortal](github.com/faiquehere/web_exploitation_portal)

- Built a web application simulating vulnerabilities (XSS, SQL Injection) for cybersecurity training.
- Designed to teach secure coding and penetration testing techniques.

**Internal Network Scanner**                [github.com/faiquehere/inetscan](github.com/faiquehere/inetscan)

- Created a Python-based tool using Nmap for network vulnerability scanning.
- Automated port scanning and configuration analysis, enhancing network security.

**Masked Link**                [github.com/faiquehere/maskedlink](github.com/faiquehere/maskedlink)

- Developed a Bash-based tool for URL masking, used in cybersecurity education.
- Focused on ethical phishing prevention training for user awareness.

## Education

**Mehran University of Engineering and Technology**                Feb 2025 – In Progress
Master of Science, Cyber Security

**Sindh Agricultural University**                Jan 2019 – Dec 2022
Bachelor's Degree, Information Technology                Grade: First Division

**APTECH Computer Education**                Dec 2013 – Nov 2016
Advanced Diploma in Software Engineering

## Certifications

- Certified Ethical Hacker (CEH), Cisco                June 2025
- Google Cybersecurity Certificate, Google                June 2025
- Pre-Security Certificate, TryHackMe                June 2025
- Cyber Security 101, TryHackMe                June 2025

- Microsoft Specialist: Implementing Azure Infrastructure Solutions      Dec 2014
- Microsoft Certified Professional (MCP)      Dec 2014
- Microsoft Certified Solutions Associate (MCSA): Office 365      Dec 2014
- Introduction to Linux LFS101, The Linux Foundation      March 2025
- Agile Project Management, HP      March 2025
- Social Media Marketing, HP      March 2025
